11:00

Registration
Official Opening
Welcome to Country
Official Opening
PLENARY SESSION 1 Room: 105/106
Jon Karnon, President HSRAANZ
Kym Peake, Acting Secretary, Victorian Department of Health and Human Services, Australia
Graham Scott, Sapere Research Group, New Zealand - [Integrating health and social services in New Zealand](#)
Prof Sherry Glied, New York University, USA - [From research to policy: health reform in the United States](#)
Questions
Morning tea

Concurrent sessions 1A - 1C

1A HCF Research Foundation Session: Making a Difference in Health Services Research Room: 105/106	1B Reciprocal Accountability: A mystery at the heart of Indigenous and government relations in primary care Room: 104	1C Measuring the influence of regularity of GP contact on diabetic potentially preventable hospitalisations Room: 103
--	--	--

11:30
11:45
12:00

1A.1	Opening and Introduction Lisa McIntyre , Chair of the HCF Research Foundation	1B.1	11.30 - Trust in the funding and accountability relationship between Aboriginal Community Controlled Health Organisations and Government Departments <i>Kim O'Donnell, Flinders University, Australia</i>	1C.1	Measuring the impact of regular GP visits on diabetes outcomes: methods and initial findings from WA and NSW person-linked data <i>Kees van Gool, CHERE, UTS, Australia</i>
1A.2	Don't just do something, stand there! A HCF Fellowship dedicated to low-value care research and policy translation <i>Associate Professor Adam Elshaug HCF Research Foundation Principal Research Fellow</i>	1B.2	11.45 - Accountability for Whānau Ora Outcomes: Beyond hierarchical understandings of accountability to a more holistic approach <i>Amohia Boulton, Whakauae Research Services, New Zealand</i>	1C.2	Identifying a population at risk of diabetes using 45 and UP and WA administrative data <i>Chunzhou Mu, Centre for Health Economics Research and Evaluation (CHERE), University of Technology Sydney, Australia</i>
1A.3	What is TAPPC – partnership success in research ? <i>Professor Andrew Wilson Director, The Australian Prevention Partnership Centre</i>	1B.3	11.55 - Paradigms at odds: Reciprocal accountability for First Nations health in British Columbia <i>Josée Lavoie, University of Manitoba, Canada</i>	1C.3	The impact of regular GP visits on diabetic potentially preventable hospitalisations: initial findings <i>David Youens, Curtin University, Australia</i>

12:15	1A.4 TXT2BFit – a mobile phone administered app to reduce obesity <i>Associate Professor Margaret Allman-Farinelli, School of Molecular Bioscience, University of Sydney</i>	1B.4 12.05 - Reciprocal accountability and fiduciary duty: accountability frameworks and the federal responsibility for Indigenous health in Canada <i>Derek Kornelsen, Manitoba First Nations Centre for Aboriginal Health Research, University of Manitoba, Canada</i>	1C.4 The effect of regular GP contact on potentially preventable hospitalisation in NSW: developing and testing a second generation of the regularity metric. <i>Serena Yu, Centre for Health Economics Research and Evaluation, UTS, Australia</i>	
12:30	1A.5 Improving safety and quality of care across the care continuum for patients with dementia - a study of the TOP 5 communication tool. <i>Virginia Armour, Clinical Excellence Commission, Australia</i>	1B.5 12.15 - Principles for a system of reciprocal accountability in Australian Aboriginal health <i>Judith Dwyer, Flinders University, Australia</i>	1C.5 The utility of historical electoral roll records and their effect on the association of regularity of GP contact and potentially preventable diabetic hospitalisations <i>Rachael Moorin, Curtin University, Australia</i>	
12:45	1A.6 healthy.me – EOI success and research translation <i>Annie Lau, Australian Institute of Health Innovation</i>	1B.6 12.25 - Discussant: a brief response by Professor Patrick Sullivan to initiate discussion 12.30 – Open Discussion		
13:00	Lunch, posters Harkness Fellowship Information Session Room: 104 Toni Ashton, Introduction . Paul Burgess Matthew Anstey			
14:00	Concurrent sessions 2A - 2H			
	2A Hospital Use Room: 106	2B Canada/Australia Symposium Room: 105	2C Indigenous HSR Room: 104	2D Economics Room: 103
14:00	2A.1 The impact of community palliative care on hospital use and place of death in Western Australia <i>David Youens, Silver Chain Nursing Association, Australia</i>	2B.1 IMPACTing on primary health care for the vulnerable: prioritizing access related need in 3 Australian regions. <i>Grant Russell, Monash University, Australia</i>	2C.1 An exploration of the framing of rheumatic fever for Maori in Aotearoa, New Zealand <i>Hannah Burgess, Te Kupenga Hauora Maori, University of Auckland, New Zealand</i>	2D.1 How good is it really? An evaluation of New Zealand's Population-Based Funding Formula <i>Erin Penno, Centre for Health Systems, University of Otago, New Zealand</i>
14:15	2A.2 Prevalence of selected low value services in New South Wales public hospitals <i>Tim Badgery-Parker, Menzies Centre for Health Policy, School of Public Health, University of Sydney, Australia</i>	2B.2 Disparities in access to primary healthcare in Australia and Canada: evidence from the Commonwealth Fund International Health Policy Survey <i>Jean-Frederic Levesque, Bureau of Health Information, Australia</i>	2C.2 Whānau experiences of the diagnosis and management of Acute Rheumatic Fever in Te Tai Tokerau, Aotearoa. <i>Anneka Anderson, University of Auckland, New Zealand</i>	2D.2 The cost of traumatic brain injury: evidence from a New Zealand population based study <i>Braden Te Ao, Auckland University of Technology, New Zealand</i>
14:30	2A.3 Reasons for and timeliness measures of emergency department visits for people with cancer in New South Wales: a population-based study <i>Huei-Yang Chen, Bureau of Health Information, NSW, Australia</i>	2B.3 Comparing Australia-Canada System Performance on Access and Equity: A Canadian Commentary <i>Jeannie Haggerty, McGill University, Canada</i>	2C.3 Improving access to antenatal care for Aboriginal women in South Australia: findings from the Aboriginal Families Study <i>Stephanie Brown, Murdoch Children's Research Institute, Australia</i>	2D.3 Improving population-based health through pay for performance <i>Verna Smith, ISCRR, Australia</i>

14:45	2A.4 Visualising linked health data to explore service use around preventable hospitalisations <i>Michael Falster, Centre for Big Data Research in Health, UNSW Australia, Australia</i>	2B.4 Comparing Australia-Canada System Performance on Access and Equity: Learning across systems <i>Cathie Scott, Alberta Centre for Child, Family and Community Research, Canada</i>	2C.4 Impacts of health and wellbeing interventions that support the expression of cultural identity for Australian Indigenous peoples: a systematic review <i>Sarah MacLean, University of Melbourne, Australia</i>	2D.4 Casemix based peer clustering <i>Michael Hart, University of Western Sydney, Australia</i>
15:00	2A.5 Using aggregate targets of emergency department timeliness: impact on performance monitoring <i>Lilian Daly, Bureau of Health Information, Australia</i>		2C.5 Characteristics of Indigenous Primary Health Care Models of Service Delivery <i>Stephen Harfield, Centre of Research Excellence in Aboriginal Chronic Disease Knowledge Translation and Exchange, Australia</i>	2D.5 Developing a national best-practice pricing approach to improve hip fracture care in Australia <i>Amanda Mulcahy, Australian Commission for Safety and Quality in Health Care, Australia</i>
15:15	2A.6 Using medical informatics to translate evidence into bedside quality improvements <i>Kristina Weeks, Johns Hopkins School of Medicine, United States</i>		2C.6 Balancing international experiences and local contexts in Indigenous health <i>Angeline Ferdinand, University of Melbourne, Australia</i>	
	2E Research Translation: Workforce & Planning Room: 102	2F Rural & Remote Room: 101	2G Use of Evidence Room: 108	2H General Practice Room: 107
14:00	2E. 1 Estimating need for the purposes of service planning to deliver preventive mental healthcare <i>Sophie Guy, University of South Australia, Australia</i>	2F.1 Although some of my best friends are city folks. Methodological strategies to generate rural/remote relevant research evidence to support health service decision-making <i>Josée Lavoie, University of Manitoba, Canada</i>	2G.1 How can policy makers best prepare for an evaluation and engage with evaluation researchers? <i>Carmen Huckel Schneider, Sax Institute, Australia</i>	2H.1 Does the quality of general practitioners affect the use of emergency department? Evidence from an Australian survey <i>Kees van Gool, Centre for Health Economics Research and Evaluation, University of Technology Sydney, Australia</i>
14:15	2E. 2 Rethinking the role of the ambulance in primary care: From policy to practice <i>Laura Wilkinson-Meyers, University of Auckland, New Zealand</i>	2F.2 Targeting outreach: the influence of Australia's rural outreach policy <i>Matthew McGrail, Monash University, Australia</i>	2G.2 Validity of routinely collected data in reporting falls in hospital in Western Sydney Local Health District <i>Lieu Trinh, Epidemiology, Executive Medical Services, WSLHD, Australia</i>	2H.2 How important are GP and practice characteristics in determining patient waiting time for appointment and consultation length? <i>Mai Pham, the Australian National University, Australia</i>
14:30	2E.3 Hospital Nurse Attraction and Retention: A review of hospital workplace design characteristics <i>Lucio Naccarella, The University of Melbourne, Australia</i>	2F.3 "Yeah, why not?" Evaluating the acceptability of chlamydia testing in general practice to young people living in rural Australia <i>Alaina Vaisey, Melbourne School of Population and Global Health, University of Melbourne, Australia</i>	2G.3 The Australian Burden of Disease Study: an important resource for health service planning and supporting policy <i>Lynelle Moon, Australian Institute of Health and Welfare, Australia</i>	2H.3 General Practice Reception Processes: A neglected aspect of care <i>Pat Neuwelt, School of Population Health, University of Auckland, New Zealand</i>

14:45	2E.4 Beyond Bushfires: Learnings for disaster resilience and recovery services <i>Lisa Gibbs, University of Melbourne, Australia</i>	2F.4 Tasmanian General Practice's Satisfaction with After-Hours Telephone Triage <i>Amanda Neil, Menzies Institute for Medical Research, University of Tasmania, Australia</i>	2G.4 Improving health service delivery through innovative research approaches <i>Alana Hulme Chambers, Centre for Excellence in Rural Sexual Health, Department of Rural Health, University of Melbourne, Australia</i>	2H.4 Nursing scope of practice and autonomy: improving quality outcomes for patients in Australian general practice <i>Jane Desborough, Research School of Population Health, Australian National University, Australia</i>
15:00	2E.5 The proceduralist and emergency GP workforce in Australia: patterns of distribution and work activity <i>Deborah Russell, Monash University School of Rural Health, Australia</i>	2F.5 Prolonged ED access block impacts on patient outcomes in a large regional hospital <i>Phoebe Griffin, Health Services Innovation Tasmania, Australia</i>	2G.5 Coverage with evidence generation on the Medicare Benefits Schedule: Intracytoplasmic sperm injection as a case study <i>Clarabelle Pham, School of Public Health, The University of Adelaide, Australia</i>	H.5 Evaluation of a General Practice Support and Advisory Service Pilot <i>Lucio Naccarella, The University of Melbourne, Australia</i>
15:15	2E.6 Tailored to suit: adapting a needs-based model to estimate the future GP requirements for Western Australia <i>Caroline Laurence, University of Adelaide, Australia</i>	F.6 The importance of rural vocational training to rural medical workforce supply <i>Matthew McGrail, Monash University, Australia</i>	2G.6 Potential pitfalls in defining prescription opioid misuse using routinely collected dispensing data: 'Doctor shopping' or standard care? <i>Bianca Blanch, University of Sydney, Australia</i>	2H.6 Changes in functional ability in later life: associations with clinician and practice characteristics <i>Leah Palapar, University of Auckland</i>
15:30	Afternoon tea			
16:00	Concurrent sessions 3A - 3F			
	3A Equity Room: 104	3B Outcomes Measurement Room: 103	3C Symposium: Data Linkage Room: 102	3D Allied Health Room: 101
16:00	3A.1 Assessing local governments' role in health equity: the Sunset Diagram <i>Geoff Browne, McCaughey VicHealth Community Wellbeing Unit, the University of Melbourne, Australia</i>	3B.1 <i>No scheduled presentation</i>	3C.1 Data linkage in Australia: A view from the coal-face <i>Gareth Goodier, Melbourne Health, Australia</i>	3D.1 What is the effectiveness of weekend allied health services on acute medical and surgical wards for reducing length of stay, readmissions and adverse events in hospital? Results of two randomised trials <i>Terry Haines, Monash University / Monash Health, Australia</i>
16:15	3A.2 Hospitalisation for Chronic Ambulatory Care Sensitive Conditions amongst Indigenous and non-Indigenous Australians: a cross-sectional analysis of linked data <i>Tenglong (Tien) Chen, SAHMRI & Griffith University, Australia</i>	3B.2 Data mining for evaluation of healthcare quality in the end-of-life care in New Zealand <i>Nikolai Minko, Health Quality and Safety Commission, New Zealand</i>	3C.2 The growth of linked hospital data use in Australia: A systematic review <i>Kim Dalziel, University of Melbourne, Australia</i>	3D.2 Advantages and challenges of providing weekend allied health services on acute medical and surgical wards: the managers' perspective <i>Deb Mitchell, Monash Health, Australia</i>
16:30	3A.3 Visualising Absent Groups in Healthcare: The Case of Diversity and Disability in Australia <i>Hamish Robertson, University of NSW, Australia</i>	3B.3 Patient Reported Outcome Measures provide complementary data to Patient Reported Experience Measures <i>Diane Hindmarsh, Bureau of Health Information, Australia</i>	3C.3 What can data linkage do for us? : Case studies of how linked data can be used to better understand aspects of the Australian health care system <i>Philip Clarke, University of Melbourne, Australia</i>	3D.3 Additional Saturday rehabilitation improves functional independence and quality of life in inpatient rehabilitation <i>Casey Peiris, La Trobe University, Australia</i>

16:45	3A.4 Incidence, patterns and sequelae of primary care access a cohort of ex-prisoners <i>Megan Carroll, School of Population and Global Health, The University of Melbourne, Australia</i>	3B.4 Which QALY measures should we use? The comparison of health related quality of life measures, subjective wellbeing scales and severity scales in people with depression. <i>Cathy Mihalopoulos, Deakin University, Australia</i>	3C.4 The expensive first years of life: healthcare utilisation and costs from birth to age 5 in a low socio-economic region of Sydney <i>Alison Hayes, University of Sydney, Australia</i>	3D.4 Are weekend inpatient rehabilitation services value for money? An economic analysis <i>Natasha Brusco, Cabrini Health, Australia</i>
17:00	3A.5 Assessing the Contribution of Multi-site Interventions towards Social Change in Public Health <i>Ruth Aston, The University of Melbourne, Australia</i>	3B.5 Broadening the scope of economic evaluation in perinatal depression: implications for cost-effectiveness and equity. <i>Jemimah Ride, Centre for Health Economics, Monash University, Australia</i>	3C.5	3D.5 A Study of rehabilitation patient flow and potential for improvements <i>Peter New, Monash Health, Australia</i>
17:15	 3A.6 Early GP contact and health service utilisation in a large sample of recently released ex-prisoners in Australia: a prospective cohort study <i>Jesse Young, The University of Melbourne, Australia</i>			
3E Quality Improvement Room: 108		3F Consumer & Community Engagement Room: 107		
16:00	3E.1 A population based analysis of the impact of a provincial quality improvement program on primary health care in Ontario, Canada. <i>Michael Green, Queen's University, Canada</i>	3F.1 Putting our values and principles into practice: "what does it all mean?" <i>Donna Weetra, Murdoch Children's Research Institute, Australia</i>		
16:15	3E.2 A real-time approach to improving primary healthcare implementation: accounting for complexity through developmental planning and evaluation <i>Cathie Scott, Alberta Centre for Child, Family and Community Research, Canada</i>	3F.2 The development of an appraisal tool for assessing research involving Aboriginal and Torres Strait Islander peoples <i>Kim Morey, South Australian Health and Medical Research Institute, Australia</i>		
16:30	3E.3 Safety on the line - development and implementation of a quality improvement model for a nurse and GP helpline using simulated patients <i>Rosemary McKenzie, Centre for Health Policy, Melbourne School of Population and Global Health, The University of Melbourne, Australia</i>	3F.3 Engaging local organisations and stakeholders developing interventions to improve access for vulnerable groups to primary health care <i>Mark Harris, University of New South Wales, Australia</i>		

16:45	<p>3E.4 Continuous quality improvement in primary care: what evidence do we need to better inform the use of the methods in practice? <i>Sue Brennan, Australasian Cochrane Centre, School of Public Health and Preventive Medicine, Monash University, Australia</i></p>	<p>3F.4 Involving consumers in service development: using discourse analysis to understand what works to enhance consumer agency <i>Sarah Pollock, Mind Australia, Australia</i></p>
17:00	<p>3E.5 The benefits of public reporting of hospital performance: Does it deliver what consumers want? <i>Margaret Kelaher, Centre for Health Policy, Australia</i></p>	
17:15		
17:30	<p>PLENARY SESSION 2 Room: 105/106 ERGO 3 Minute Thesis Session</p> <ul style="list-style-type: none"> • Impact of caregiving on informal carers of older people in advanced age, Htein Linn Aung • Improving the utility of the Australian Stroke Clinical Registry through data linkage, Nadine Andrew • What's going on here? Factors influencing the implementation of a hospital nutrition intervention, Jorja Collins • The impact of nursing care on the quality of care in Australian general practice, Jane Desborough • Balancing international experiences and local contexts in Indigenous health, Angeline Ferdinand • The impact of population-wide anti-smoking initiatives on smoking during pregnancy, Alys Havard • Optimising the translation, judicious and equitable use of high-value evidence for cardiovascular disease into practice, Tracey-Lea Laba • Medical service use in children with cerebral palsy, Elaine Meehan • Reactions to disinvestment research: what happens when we withdraw weekend allied health services on acute medical and surgical wards? Deb Mitchell • Does knowledge brokering make a difference in commissioning rapid reviews of research? Gabriel Moore • I like to move it, move it: Physical activity in inpatient rehabilitation, Casey Peiris • Parental use of the Victorian Nurse-On-Call Service prior to attending the emergency department for lower urgency conditions, Erin Turbitt • Building Health Equity into Health Care: Creating and Implementing Standards, Lloy Wylie • Does early primary care contact reduce recidivism in ex-prisoners? A prospective cohort study, Jesse Young <p>Welcome Reception - sponsored by RMIT ECR social evening – Boatbuilder's Yard, 23 South Wharf Promenade</p>	
18:30		
19:30		

07:00 Breakfast sessions : 1. [Early Career Fellowship Funding](#) Room: 101 and 2. [Chronic disease prevention: data, policy and practice](#) – sponsored by **Victoria University** Room: 102

08:00 Registration

08:30 **PLENARY SESSION 3 Room: 105/106**

08:30 Prof. Libby Roughead, University of South Australia, Australia - [Creating data analytic systems to drive change in health care](#)

09:00 Prof. Gary Freed, University of Michigan, USA; University of Melbourne, Australia - [Anecdotes vs. data: can health services research lead to evidence-based ED policies?](#)

09:30 Panel Discussion involving speakers & *Sherry Glied, Graham Scott*

10:00 Questions/Discussion

10:30 [Morning tea](#)

11:00 **PLENARY SESSION 4 Room: 105/106**

11:00 A/Prof. Helen Dickinson, University of Melbourne, Australia - [Commissioning for consumer outcomes: how to make sure the Emperor isn't naked](#)

11:30 Jen Morris Patient Perspectives Consultant, Patient Advocate - [Patient innovators: tapping the most underused resource in healthcare](#)

12:00 Questions/Discussion

12:30 [Lunch, posters](#)

[ERGO Room: 104](#)

13:30 **Concurrent sessions 4A - 4H**

	4A Paediatric HSR Room: 106	4B Governance in Primary Care Room: 105	4C Indigenous HSR Room: 104	4D A Symposium on using economics data as part of an implementation strategy Room: 103
13:30	4A.1 What research questions matter to Australian paediatricians? National Delphi Study <i>Kate Hughes, Royal Children's Hospital Melbourne, Australia</i>	4B.1 Old wine in new bottles? Australia's Primary Health Networks and commissioning <i>Helen Dickinson, University of Melbourne, Australia</i>	4C.1 General Practitioners' Prescribing of Lipid-lowering Medications for Indigenous and Non-Indigenous Australians, 2001-2013 <i>Amal Trivedi, Brown University, United States</i>	4D.1 Using economics data as part of an implementation strategy <i>Nicholas Graves, QUT, Australia</i>
13:45	4A.2 Private General Paediatric Care Availability in Melbourne <i>Marina Kunin, The University of Melbourne, Australia</i>	4B.2 New directions for Australian primary health care: Lessons from US health reforms <i>Paul Burgess, Northern Territory Department of Health, Australia</i>	4C.2 Cultural Safety in Hospitals in Australia: Messages from the practice of Aboriginal Hospital Liaison Officers and Social Workers <i>Elizabeth Orr, La Trobe University School of Social Work and Social Policy & the Lowitja Institute, Australia</i>	4D.2 Costs matter too – managing Clostridium difficile with a cost-effective approach, <i>David Brain, Queensland University of Technology, Australia</i>
14:00	4A.3 Cost-effectiveness of a community delivered infant sleep intervention <i>Sopany Saing, Centre for Health Economics Research and Evaluation (CHERE), UTS, Australia</i>	B.3 Access to integrated primary health care services: lessons from the field <i>Bernadette Ward, Monash University, Australia</i>	4C.3 Effect of drug co-payment reductions on preventable hospitalizations among Indigenous Australians: Australia's Closing the Gap PBS Co-payment Incentive <i>Amal Trivedi, Brown University, United States</i>	D.3 The change to costs and length of stay of using the Brisbane Accelerated CHest pain protocol <i>Qinglu Cheng, Queensland University of Technology, Australia</i>

14:15	4A.4 How reliable are Extended Midwifery Services (EMS) in tracking Late Preterm Infants (born 34 weeks to 36 week 6 days gestation (LPI)), discharged to the community? <i>Sunday Pam, Rockhampton Hospital, Rockhampton, Australia</i>	4B.4 Reshaping community health services in Victoria: drivers of recent voluntary mergers <i>Veronique Roussy, Monash University, Australia</i>	4C.4 Identifying bereavement-related Grief and Loss supports and service gaps in Aboriginal communities <i>Ngara Keeler, Aboriginal Health Council of South Australia, Australia</i>	4D.4 Stakeholder preferences for economic evaluation as a service: a discrete choice experiment <i>Gregory Merlo, Queensland University of Technology, Australia</i>
14:30	4A.5 Evaluation of secondary prevention for rheumatic heart disease in Fiji and implications for screening policy <i>Daniel Engelman, University of Melbourne, Department of Paediatrics, Australia</i>	4B.5 Integrated primary/secondary health care governance: We have the evidence, do we have the practice? <i>Caroline Nicholson, Mater Health Services/University of Queensland, Australia</i>	4C.5 Service satisfaction of Aboriginal children accessing a new oral health service in Northern NSW, Australia <i>Michelle Irving, University of Sydney, Australia</i>	4D.5 Economic for implementation of better services – or for other purposes? A case study of Hand Hygiene and others <i>Nicholas Graves, QUT, Australia</i>
14:45	4A.6 Trends in paediatric practice in Australia 2008-2013: a national audit from the Australian Paediatric Research Network. <i>Harriet Hiscock, Royal Children's Hospital, Australia</i>	B.6 Australia's National Health Program Initiatives: An Ontological Mapping <i>Ghassan Beydoun, University of Wollongong, Australia</i>	4C.6 Strengthening cardiovascular disease prevention in remote Indigenous communities in Australia's Northern Territory <i>Paul Burgess, Northern Territory Government, Australia</i>	
	4E Research Translation: Decision Making Room: 102	4F Symposium on Stroke Room: 101	4G Models of Care Room: 108	4H Consumer Experience & Expertise Room: 107
13:30	4E.1 Opportunity costs and decision-making: a survey of current and potential approaches <i>Jonathan Karnon, University of Adelaide, Australia</i>	4F.1 Overview of stroke initiatives for improving the quality of hospital care <i>Dominique Cadilhac, Monash University, Australia</i>	4G.1 Connecting Practice Research and Policy <i>Donata Sackey, Mater Health Services, Australia</i>	4H.1 From delivery to data': findings from a patient satisfaction survey among birthing women attending urban and regional hospitals. <i>Maree Porter, The Kolling Institute, University of Sydney, Australia</i>
13:45	4E.2 Does knowledge brokering improve the quality of rapid review proposals? <i>Gabriel Moore, The Sax Institute and the University of Sydney, Australia</i>	F.2 Efforts to improve national data collection for stroke in Australia. <i>Toni Aslett, National Stroke Foundation, Australia</i>	4G.2 Integrating care for chronic mental ill-health: Organizational change and outcomes, the Partners in Recovery Western Sydney Study <i>James Gillespie, University of Sydney, Australia</i>	4H.2 What Influences the Choice of GP? Evidence from a Discrete Choice Experiment in Australia and New Zealand <i>Patricia Kenny, University of Technology Sydney, Australia</i>
14:00	4E.3 Engaging with evidence: Key findings from the process evaluation of a research utilisation intervention in six Australian health policy agencies <i>Abby Haynes, Sax Institute, Australia</i>	4F.3 Performance benchmarking for acute stroke care in Australian hospitals <i>Nadine Andrew, Monash University, Australia</i>	4G.3 Implementing integrated models of care for older adults: the importance of context <i>Toni Ashton, University of Auckland, New Zealand</i>	4H.3 Assessment and Diagnosis Experiences of Lung Cancer Patients in Auckland <i>Rob McNeill, University of Auckland, New Zealand</i>
14:15	4E.4 Senior and middle managers' views on investment and disinvestment decision-making by acute health care services: a qualitative study <i>Elizabeth McInnes, Australian Catholic University, Australia</i>	4F.4 Financial Incentives to increase access to evidence based care in Queensland public hospitals. <i>Rohan Grimley, Qld Department of Health, Australia</i>	4G.4 Cross-sectoral integration: lessons from the evaluation of a successful collaboration <i>Virginia Lewis, La Trobe University, Australia</i>	4H.4 Experiencing obesity, seeking support in general practice <i>Jodi Gray, University of Adelaide; COMPaRE-PHC, Australia</i>

14:30	E.5 The development of ORACLE: A measure of an organisation's capacity to engage in evidence-informed health policy <i>Steve Makkar, The Sax Institute, Australia</i>	4F.5 Effects of a comprehensive package of monitoring and quality improvement to reduce gaps in clinical practice for acute stroke care: experience from the Stroke123 project <i>Monique Kilkenny, Monash University, Australia</i>	4G.5 Three years in to coordinated care: the view from Oregon <i>Lisa Angus, Australian-American Health Policy Fellow / Oregon Health Authority, Australia</i>	4H.5 Carers - the 'hidden' health workforce <i>Peter Brooks, University of Melbourne, Australia</i>
14:45	4E.6 Usage of an online tool to help policymakers better engage with research: Web CIPHER <i>Steve Makkar, The Sax Institute, Australia</i>	4F.6 Understanding the benefits of external support provided to public hospitals for quality improvement activities in acute stroke- a sub study of Stroke123 <i>Tharshanah Thayabaranathan, Monash University, Australia</i>	4G.6 The influence of context and organisational factors on the level of integration in primary health care co-location models <i>Julie McDonald, UNSW, Australia, Australia</i>	4H.6 Invisibility of older people as consumers working in partnership with health providers <i>Anna Gregory, University of South Australia, Australia</i>
15:00	Afternoon tea			
15:30	Concurrent sessions 5A - 5H			
	5A Child Health Room: 106	5B Outcomes: Acute Care Room: 105	5C Indigenous HSR Room: 104	5D Innovative Approaches to Improving Outcomes Room: 103
15:30	5A.1 Parental use of the Victorian Nurse-On-Call Service prior to attending the emergency department <i>Erin Turbitt, The University of Melbourne, Australia</i>	5B.1 Measuring 30-day mortality following hospitalisation: Considering approaches for ongoing reporting. <i>Julia Chessman, Bureau of Health Information, Australia</i>	5C.1 Evaluating Primary Healthcare: Including the voices of Aboriginal and Torres Strait Islander peoples <i>Carol Davy, South Australian Health and Medical Research Institute, Australia</i>	5D.1 Cardiovascular disease risk at the Netherlands and Australian communities: using general practitioners' clinical data and spatial analysis methods <i>Nasser Bagheri, The Australian National University, Australia</i>
15:45	5A.2 Hospital admissions in children and young people with cerebral palsy: a data linkage study <i>Elaine Meehan, University of Melbourne, Australia</i>	5B.2 Hospital level risk-standardised all-cause return to acute care (readmission) following acute hospitalisations for five clinical conditions and two elective surgical procedures, NSW public hospitals, July 2009- June 2012 <i>Sadaf Marashi Pour, Bureau of Health Information, Australia</i>	5C.2 Is funder reporting undermining service delivery? Compliance requirements for Aboriginal Community Controlled Health Organisations in Victoria <i>Kate Silburn, La Trobe University, Australia</i>	5D.2 Smartphone delivery of a healthy lifestyle program to young adults: Efficacy of TXT2BFIT™ <i>Margaret Allman-Farinelli, University of Sydney, Australia</i>
16:00	5A.3 Developmental Surveillance for Autism Spectrum Disorder in Infants and Toddlers within Victoria's Maternal and Child Health System <i>Josephine Barbaro, Olga Tennison Autism Research Centre, La Trobe University, Australia</i>	5B.3 Diagnoses and timing of returns to acute care (readmissions) following hospitalisation for five clinical conditions and two elective surgical procedures, NSW public hospitals, July 2009- June 2012 <i>Ann Morgan, Bureau of Health Information, Australia</i>	5C.3 Characteristics and value of Aboriginal Community Controlled Health Organisations Primary Health Care <i>Judith Gomersall, Joanna Briggs Institute, University of Adelaide and Center of Research Excellence in Aboriginal Chronic Disease Knowledge Translation and Exchange, Australia</i>	5D.3 Pearly Whites, a dental outreach service in residential aged care facilities <i>Bradley Christian, Martin Hall, North Richmond Community Health, Australia</i>

16:15	5A.4 Supporting parents' mental health and wellbeing in children's disability services: Parent perceptions of need <i>Kim-Michelle Gilson, University of Melbourne, Australia</i>	5B.4 Unplanned early return to the Emergency Department by older patients - The Safe Elderly Emergency Department Discharge Project <i>Judy Lowthian, Monash University, Australia</i>	5C.4 Mapping Aboriginal patient journeys - working together to identify gaps and improve health outcomes <i>Janet Kelly, University of Adelaide, Australia</i>	5D.4 Effectiveness of Knowing the People Approach on Case Managers of Mental Health Teams: Findings of a longitudinal study from Canterbury, New Zealand <i>Vinod Kozhissery, University of Canterbury, New Zealand</i>
16:30	5A.5 The experience of accessing child disability services: Parents' perspectives <i>Dana Young, University of Melbourne, Australia</i>	5B.5 The extra resource burden of in-hospital falls: a cost of fall study <i>Renata Morello, Monash University, Australia</i>	5C.5 Engagement in a maximally-assisted therapy programme positively associated with optimal adherence to antiretroviral therapy among indigenous people who use illicit drugs in a Canadian setting <i>Brittany Barker, BC Centre for Excellence in HIV/AIDS, Canada</i>	5D.5 Translating clinical trial research outcomes to improve venous leg ulcer healing in the community <i>Carolina Weller, Monash University, Australia</i>
16:45	5A.6 Parent Perspectives on General Practice Referrals to General Paediatricians <i>Marina Kunin, The University of Melbourne, Australia</i>	5B.6 Does higher bed occupancy rate (BOR) affect the in-hospital and 30-day mortality rate? <i>Yan Sun, National Healthcare Group, Singapore</i>	5C.6 Multimorbidity in Aboriginal and non-Aboriginal people in NSW and its impact on mortality <i>Sanja Lujic, Centre for Big Data Research in Health, UNSW Australia, Australia</i>	5D.5 The Roadmap to Close the Gap for Vision: evidence, planning and implementation for improved Indigenous eye health outcomes <i>Mitchell Anjou, The University of Melbourne, Australia</i>
	5E Research Translation: Implementation Room: 102	5F Symposium Bureau of Health Information: Different Configurations for performance measurement and reporting: Knowledge organisations in three jurisdictions Room: 101	5G Changing Practice Room: 108	5H Provider Perspectives Room: 107
15:30	5E.1 Translating knowledge into practice: Training for community service providers who work with people living with dementia. <i>Grace O'Sullivan, AUT University, New Zealand</i>	5F.1 Different configurations for performance measurement and reporting: Knowledge organisations in three jurisdictions <i>Jean-Frederic Levesque, Bureau of Health Information, Australia</i>	5G.1 Prevention and early intervention for perinatal mental health: An evaluation of outcomes for women who give birth in Australia <i>Nicole Reilly, Perinatal and Women's Mental Health Unit, St John of God Health Care and UNSW, Australia</i>	5H.1 The new generalists: the emerging role of Australian general practitioners working on an after- hours primary care telephone triage and advice service <i>Rosemary McKenzie, Centre for Health Policy, Melbourne School of Population and Global Health, The University of Melbourne, Australia</i>
15:45	5E.2 What's going on here? Factors influencing the implementation of a hospital nutrition intervention. <i>Jorja Collins, Monash University, Australia</i>	5F.2 Health system improvement in Australia: Knowledge organisations as enablers <i>Jean-Frederic Levesque, Bureau of Health Information, Australia</i>	5G.2 Evaluating practice change in an acute health setting: capturing complexity <i>Virginia Lewis, La Trobe University, Australia</i>	5H.2 Limitations experienced by GPs and nurses relating to health literacy and obesity management in primary health services <i>Mark Harris, University of New South Wales, Australia</i>

16:00	5E.3 Infant colic in the emergency department; a mixed methods study to understand factors influencing clinician's practice. <i>James McGann, University of Melbourne, Australia</i>	5F.3 The Bureau of Health Information in NSW: Providing accountability and informing efforts to improve at the interface of patients, the public, clinicians, policymakers and managers <i>Kim Sutherland, Bureau of Health Information, Australia</i>	5G.3	5H.3 "It opened my eyes" - Examining the impact of the Australian Chlamydia Control Effectiveness Pilot (ACCEPT) on the chlamydia testing practices of general practitioners <i>Anna Yeung, University of New South Wales, Australia</i>
16:15	5E.4 The integrated-PARIHS framework: facilitating a theoretically-informed approach to research translation <i>Gill Harvey, University of Adelaide, Australia</i>	5F.4 Improving measurement and measuring improvement: Monitoring the performance of public health services in Victoria <i>Paul Dolan, Victorian Department of Health and Human Services, Australia</i>	5G.4 Factors affecting implementation of perinatal mental health screening in women of refugee background <i>Nishani Nithianandan, Monash University, Australia</i>	5H.4 Barriers and enablers to effective falls prevention in acute hospitals <i>Anna Barker, Monash University, Australia</i>
16:30	5E.5 Key factors for successful implementation and uptake of eMMS - a pharmacy perspective <i>Elin Lehnbohm, Faculty of Pharmacy, University of Sydney, Australia</i>	5F.5 Reflections on the experiences of a national organisation dedicated to public reporting on hospital and primary care: An Australian experience <i>Michael Frost, National Health Performance Authority, Australia</i>	5G.5 Effect of change in coding rules on incidents and variations of non-recorded diabetes condition in NSW hospital administrative datasets <i>Hasan Assareh, NSW Health-Western Sydney Local Health District, Australia</i>	5H.5 Re-commissioning mental health community support services and community-based alcohol and other drug treatment services in Victoria <i>Kate Silburn, La Trobe University, Australia</i>
16:45	5E.6 Partnerships and pitfalls: When the best intentions are lost in translation <i>Anne Parkinson, Australian Primary Health Care Research Institute, Australia</i>		5G.6 Enhancing communication in health care: a quality improvement initiative to engage accredited interpreters in labour <i>Wendy Dawson, MCRI, Australia</i>	5H.6 Stories of collaborative practice and reflective practice in primary health care <i>Andrew Lynch, University of Auckland, New Zealand</i>
17:00	AGM Room: 106			
18:30	Conference Dinner			

WEDNESDAY 9 DECEMBER 2015

07:00 Breakfast session: [Designing economic evaluation alongside clinical studies](#) Room: 101

08:00 Registration

08:30 Concurrent sessions 6A - 6F

6A Symposium: The transformation of First Nations Governance in British Columbia, Canada: Implications for Regional Co-Decision Making in Health Services
Room: 105/106

6B Pharmaceutical Services and Policy
Room: 104

6C Research Translation: Policy & Practice Gaps
Room: 103

6D Symposium: Compensation Schemes/Data Linkage
Room: 102

08:30	6A.1 The Transformation of First Nations Health Governance in British Columbia, Canada: Implications for Regional Co-decision Making in Health Services <i>Lloy Wylie, Western University, Canada</i>	6B.1 How do medication policies guide nursing practice? A comparison of medication policies across seven Victorian health services <i>Mariann Fossum, Deakin University, Australia</i>	C.1 Addressing Policy-Practice Gaps: The Experience of Primary Health Research Networks in Western Canada <i>Stephanie Montesanti, University of Alberta, Canada</i>	6D.1 Impact of pre-injury health service utilisation on recovery from work-related injuries: Insights from data linkage of WSV claims and hospital records <i>Behrooz Hassani-Mahmooei, Monash University, Australia</i>
08:45	6A.2 Cross-Jurisdictional Co-operation in First Nations Health Services Delivery <i>Lloy Wylie, Western University, Canada</i>	6B.2 A multifaceted approach to improve medication management when patients are fasting or nil by mouth <i>The-Phung (Phung) To, Austin Health, Australia</i>	6C.2 Reducing the Research Policy/Practice Gap: a collaborative initiative <i>Ellen McIntyre, Flinders University, Australia</i>	6D.2 The interactive role of pre-injury mental health and related risk factors on Post-traumatic Stress Disorder symptoms following road trauma: Insights from data linkage of Transport Accident Commission claims and Medicare records <i>Sara Liu, Monash Injury Research Institute (MIRI), Monash University, Australia</i>
09:00	6A.3 Wellness Based Indigenous Health Promising Practices: Using Culturally Appropriate Indicators As A Way To Measure Indigenous Wellness <i>Danielle Alcock, Western University, Canada</i>	6B.3 Is there a difference in characteristics of consumers who cease or reduce their medication? A review of statin medication dispensing pre and post a PBS co-payment increase <i>Karla Seaman, Notre Dame University, Australia</i>	6C.3 Screening for rheumatic heart disease in the Pacific: translating research into policy <i>Daniel Engelman, University of Melbourne, Department of Paediatrics, Australia</i>	6D.3 The impact of pre-existing health conditions on recovery after workplace injury: Insights from data linkage of WSV claims and Medicare records <i>Janneke Berecki-Gisolf, Monash University, Australia</i>
09:15	6A.4 The Transformation of First Nations Health Governance in BC <i>John O'Neil, Simon Fraser University, Canada</i>	6B.4 The cardiovascular polypill: does increasing the quality use of medicines save money? <i>Tracey-Lea Laba, The George Institute for Global Health, Australia</i>	6C.4 Rainbow standards - developing LGBTI-inclusive practice in health care delivery <i>Philomena Horsley, Gay and Lesbian Health Victoria, La Trobe University, Australia</i>	6D.4 The influence of social support on healthcare service use following transport-related musculoskeletal injury: Insights from data linkage of TAC claims and Client Outcome Survey <i>Khic-Houy Prang, Monash Injury Research Institute, Australia</i>

09:30		6B.5 What consumers think, do and say about antibiotic use <i>Elaine Lum, Queensland University of Technology, Australia</i>	6C.5 Teeth Tales - Lessons learnt from a community based child oral health promotion trial with migrant families in Australia <i>Lisa Gibbs, University of Melbourne, Australia</i>	
09:45		6B.6 Pharmaceutical industry behaviour and the Trans Pacific Partnership Agreement (TPPA) - Exacerbation of health inequality <i>Erik Monasterio, Hillmorton Hospital, New Zealand</i>	C.6 Design, Development And Implementation Of The First Australian Based Horizon Scanning Program Specific To Compensation Health. <i>Amanda Sampson, Institute for Safety, Compensation and Recovery Research, Australia</i>	
	6E Service Design & Delivery Room: 101		6F Health of Older People Room: 107	
08:30	6E.1 Opportunities for cumulative learning and implementation of innovations in delivery of primary health care (PHC) services: what can be learned from Canada's 12 PHC teams? <i>Sabrina Wong, UBC, Canada</i>	6F.1 Do senior Australians with more complex chronic conditions get better coordinated care? <i>M Mofizul Islam, Australian National University, Canberra, Australia</i>		
08:45	6E.2 A Better Oral Health in Home Care Model: service delivery quality improvement <i>Adrienne Lewis, South Australian Dental Service, Australia</i>	6F.2 The 45 and Up Study as a platform for health services research <i>Mark Bartlett, Sax Institute, Australia</i>		
09:00	E.3 Are waiting lists really inevitable in ambulatory services? A mixed-methods study <i>Katherine Harding, Eastern Health / La Trobe University, Australia</i>	6F.3 Mapping the Aged Society: A Cartographic Approach to Population Ageing and Health Service Demand <i>Hamish Robertson, University of NSW, Australia</i>		
09:15	6E.4 An evaluation of the Hospital at Night Team nursing model of care <i>Janet Weir-Phyland, Alfred Health, Australia</i>	6F.4 Impact of caregiving on informal carers of older people in advanced age <i>Htein Linn Aung, University of Auckland, New Zealand</i>		
09:30	6E.5 The Beacon model: a lower-cost alternative for patients with complex chronic disease <i>Claire Jackson, University of Queensland, Australia</i>	6F.5 Evaluating transitional care for people with Dementia discharged home from hospital <i>Ashley Kable, University of Newcastle, Australia</i>		
09:45	6E.6 Experiencing integration in primary health care: a pilot study <i>Michelle Banfield, The Australian National University, Australia</i>	6F.6 Variation in the use of primary care services for diabetes management according to country of birth and geography among older Australians <i>Duong (Danielle) Tran, University of NSW</i>
